

DURKEE 2012

Durkee Sox[®]
Air Dispersion System

The expert in air dispersion industry world wide

COMPANY INTRODUCTION

BACK GROUND

DurkeeSox was founded in 2004 which is the wholly-owned subsidiary by America registered enterprise - Durkee International Industry Ltd.

DurkeeSox is a high-tech company focusing on the HVAC industry and the only international background enterprise in China market who manufactures fabric air dispersion system product.

DurkeeSox[®]
Air Dispersion System

COMPANY INTRODUCTION

Durkee Group Information

19 years history outstanding
global enterprise group with 2
business division and 3
manufacturing facilities

America

Wuhan – DurkeeSox & Durkflex

Guangzhou - Durkflex

DurkeeSox®
Air Dispersion System

Durkee America, Inc.

COMPANY INTRODUCTION

Durkee Industry

Land area 44659M²

15000M²

plant area for DurkeeSox.

Worldwide biggest fabric

air dispersion system

Manufacturing centre

Total investment U.S. Dollar 25M.

DurkeeSox investment U.S. Dollar

10M.

DurkeeSox[®]
Air Dispersion System

COMPANY INTRODUCTION

Largest Production capability & industrial model makes the product more precise and standardization.

DurkeeSox[®]
Air Dispersion System

The unique 4 automatic production lines with yearly capability over 3M m².

COMPANY INTRODUCTION

2000 m²

DurkeeSox owns the most complete and largest system performance testing and simulation platform in fabric duct industry worldwide.

Air distribution Quality control on finished product

DurkeeSox[®]
Air Dispersion System

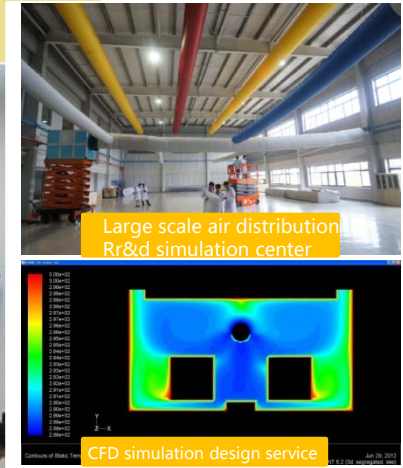

Performance testing on finished product

COMPANY INTRODUCTION

Largest testing & simulation lab
Top-level R&D team
Ensures DurkeeSox always keep
ahead of competition.
We guarantee our customer
enjoying the tomorrow' s
technology available in today with
innovative DurkeeSox system.

DurkeeSox[®]
Air Dispersion System

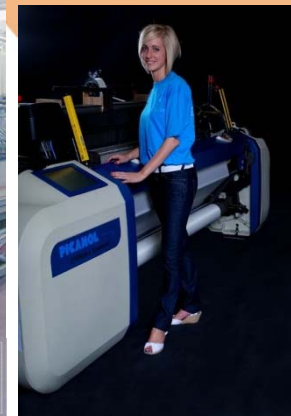

COMPANY INTRODUCTION

Best quality patented inherent permanent fire retardant and Class A non-flammable material, origin is from U.S. – Joint-Developed with our strategy cooperation partner.

LONGEST product warranty

Durkee Sox®
Air Dispersion System

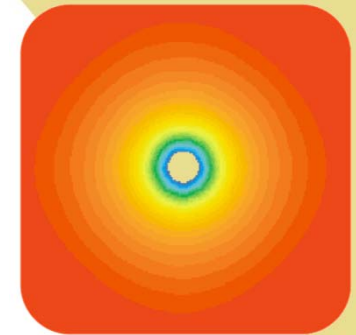

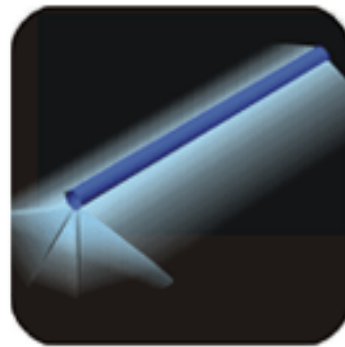

As Global recognized & reputed manufacturer for technical & industrial textile, with a top-notch reliable R & D team adopting most advanced production equipments, exceptional knowledge and skills, Zero-defect quality strategy and the barcode system provides a means of precisely controlling and guarantee complete traceability of all materials throughout the process chain.

COMPANY INTRODUCTION

Unique
micro-permeability & micro-orifice technology

to form a tridimensional air dispersion
effect with great comfort, overall even
airflow, precise air throw with ENERGY
SAVING

Durkee Sox[®]
Air Dispersion System

COMPANY INTRODUCTION

QC System – ISO9001

EMS - ISO14001

OHSAS – 18001

Top level testing room & programs

Raw material is followed zero
defect rules strictly.

Longest 15 year warranty in this
industry.

Durkee Sox[®]
Air Dispersion System

Surface checking

Tensile strength

Fabric Permeability

Fire testing

Wash shrinkage

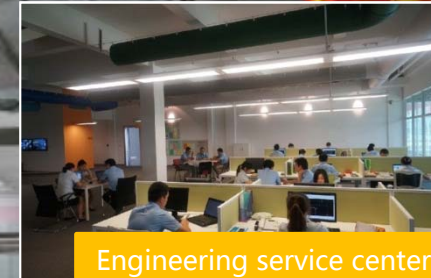

Color tolerance

COMPANY INTRODUCTION

International standard
3 x 3 overall process
engineering service system.
Fast delivery
Quick response

Durkee Sox[®]
Air Dispersion System

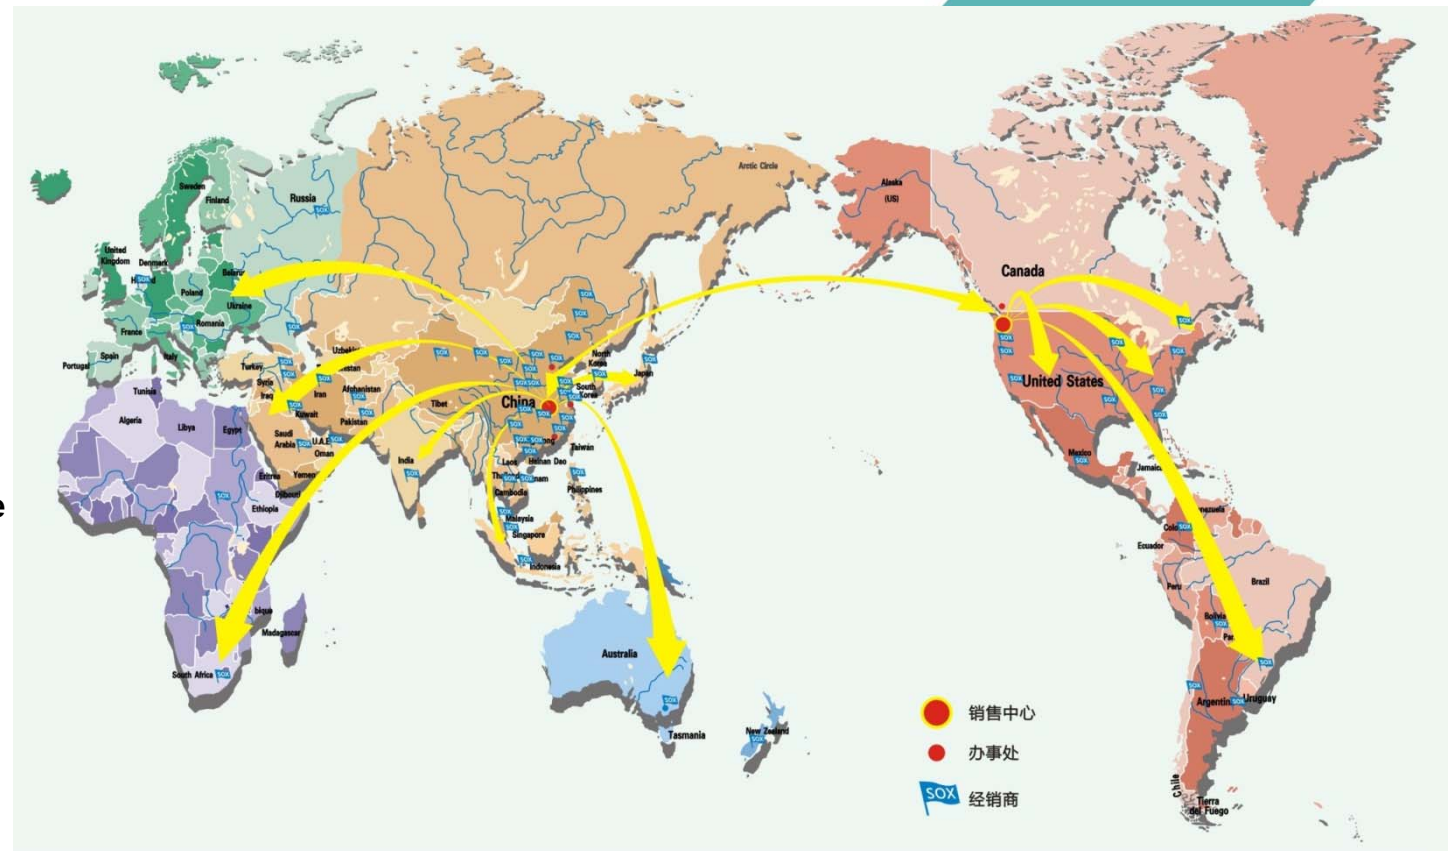

3X3工程服务全过程质量控制体系
System Of 3X3 Engineering Service

COMPANY INTRODUCTION

Distribution network worldwide

China – 42 distributors
Global market – 33 distributors

Durkee Sox[®]
Air Dispersion System

COMPANY INTRODUCTION

Leading brand in great Asia market
over 70% market share in Asia
85% share in China

Worldwide Well-know customers

Durkee Sox[®]
Air Dispersion System
